Borkumriff II 1982

POPARCIE DLA IDEI

NO-WAR.PL

Soon a cruise around the world will begin aboard the yacht Borkumriff II. This is unusual event.

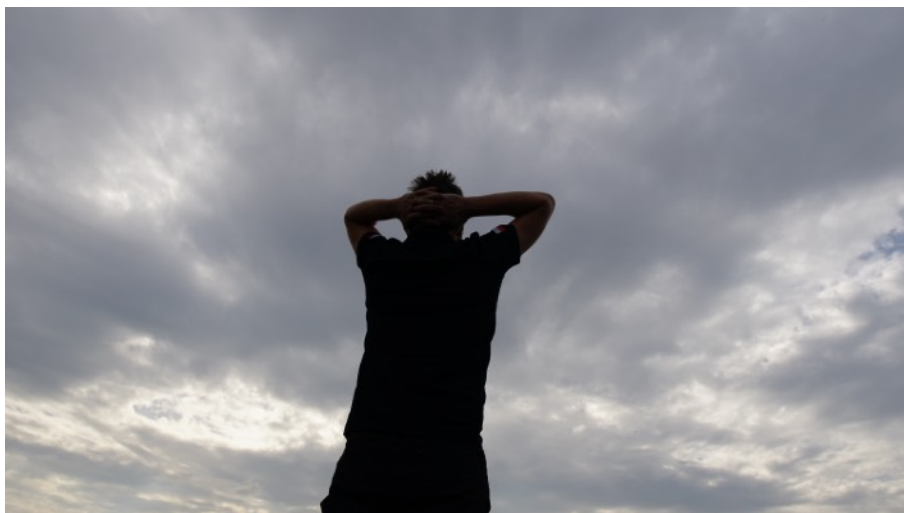

The crew are Poles and Ukrainians. Among them is Sławomir Sikora - a positive hero of one of the most famous criminal events in Poland.

The cruise will last approximately seven months. The yacht Borkumriff II will reach several places in America, Asia, Africa and Europe. Everywhere, among the indigenous people, crew will spread the message of the project: "No war", "Long life for freedom". At the same time, Internet users around the world will be able to follow what is currently happening on board the yacht in the high ocean, as well as in ports around the world, where Borkumriff II will call. They will be able to ask questions to the crew and take part in numerous competitions with very original prizes. Two keywords: "peace" and "freedom" are to dominate this extraordinary contact between the crew of the yacht Borkumriff II traversing three oceans and all those who will be able to virtually participate in this extraordinary expedition day after day.

We are convinced that natural desire for freedom is also yours. We believe that you understand freedom, like us, as the opposite of slavery, war, violence, hypocrisy, and peace not only as a state against war, but also as a state of mind, that you are sensitive to any injustice resulting from any kind of coercion: physical, mental, social, state and moral.

Setting out on a cruise around the world on board a luxury yacht, we want to draw public attention to the fact that the fortunes of the greats of this world should also be spent on the fight for peace, for freedom, that the desire for freedom should be the main driving force of humanity, and the love of freedom should be seen as the fundamental feature of humanity, because enslavement is the end, death, not being every human being.
